Next Meeting

Thursday September 9 - 7 p.m.
MAIN PROGRAM

At a time when coral reefs are being destroyed and the animals that live there are fast disappearing, Dorothy Cutter will show images of places most people never get to see. Her photos are from most of the oceans of the world and show a diversity of patterns, forms and colors that exist in the deep. Though they may look like flowers and plants, almost everything associated with coral reefs is an animal.

Field Trip Show: Jenn Lawrence will present the images from the July Mid-State Fair field trip.

Show and Tell: The challenge for Sept., should you wish to accept it, is "Simple Pleasures." Members may bring three images on any topic to share.

Leaning Pine Arboretum Field Trip photos should be turned in to Dorothy Cutter at the Sept. meeting.

Board of Directors: The 12-member Board was elected unanimously at the August meeting. Mimi Ditchie would appreciate a volunteer stepping forward to handle refreshments.

Competition: Allison Jackson presided on August 26 and found most images "pleasing to the eye." There were no nines given. Dave Coronel and Jenn Lawrence each received an eight and one half. Renee Besta (2), Alice Cahill (2), Dave Coronel (2), Dorothy Cutter (2), Mimi Ditchie, Ralph George, Marlin Harms, Don Henderson, Jenn Lawrence, Anita Ritenour, and Beth Sargent all received eights. Competition images are still being named and sized improperly. Please see the web site for the correct procedure.
